

Overdrive App for Your iPad, iPhone or iPod Touch

Checkout and download free e-books and audiobooks from the Library's digital collection with the OverDrive Media Console app. This free app is compatible with Adobe EPUB e-books and Mp3 audiobooks from the Library.

Here's what You'll Need

- WiFi or 3G Connection.
- iPad, iPhone or iPod Touch.
- E-mail address.
- Valid Algonquin Area Public Library Card.

Step 1: Create an Adobe ID and Password

Adobe e-books from the Library are protected with Adobe DRM to prevent unauthorized copying. In order to read an Adobe e-book on your device, you will need to unlock it with an authorized Adobe ID and password.

- Visit www.adobe.com.
- Click on Sign In.
- Click Create an Adobe Account.
- Register your Name, E-mail Address, Country, City and Zip Code.
- Scroll down the page and Click Continue.

Step 2: Install and Authorize the Overdrive Media Console App

- Search the App Store for Overdrive Media Console. Download and install the app.
- Sign in with your Adobe ID and password when prompted, or do the following:

- Tap 'Get Books +' then Settings.
- Scroll to 'eBook Settings'.
- Tap 'Authorize'.
- Enter your Adobe ID and password.
- Tap 'Authorize'.

Step 3: Checkout and Download an E-book or E-audiobook

- Select 'Get Books +' from the app menu.
- Search for our Library by name or zipcode (60102)
- Make us a 'Favorite' by clicking on the Star next to our name.
- Add an available e-book or e-audiobook to your BookBag.
- Click Proceed to Checkout
- Confirm your Checkout.
- Download the file.

ENJOY YOUR FREE E-BOOK!

**Note: WiFi required to download e-audiobooks.*

If the title you want is checked out, you can place a hold. You will be notified via email when the title is available for you to checkout. The e-book will be reserved for you for 3 days. You can hold up to 15 e-books at one time.

Optional apps and software for iPad, iPhone, iPods:

Kindle App – for Library Kindle e-books.

Bluefire Reader App – for Library PDF e-books.

Overdrive Media Console for PC – for transferring WMA e-audiobooks from your PC to iPod.
