

## Is 20,000 Miles Enough for a Flight with Chase?

When it comes to travel rewards, one of the most common questions travelers ask is whether 20,000 miles or points are enough to book a flight through Chase. The answer depends on several factors such as destination, airline, booking method, and timing. Generally, 20,000 Chase Ultimate Rewards points can be enough for certain flights, especially domestic or short-haul trips, but it may fall short for long-haul international travel.
